Re: Mark Grisby

August 22, 2012

Recently, I hired Mark to be the general contractor for my parent's new house.

We had a two-week window in which to complete construction, plumbing, electrical, complete paint and all new carpets.

Mark orchestrated his work, the plumber, electrician, painter and carpet installer perfectly.

Everything was done on time and on budget. In fact, the work was done so well, my parent's realtor said the house would easily sell for \$20K plus more than they paid for it and she wants to use Mark on her projects....

I would highly recommend Mark to anyone looking for a high quality fair and honest general contractor...

Sincerely,

Joseph C. Volpe
